

WV COUNTS!

Getting counted in the 2020 Census is easy, safe, and extremely important!

QUICK FACTS

The Census is EASY!

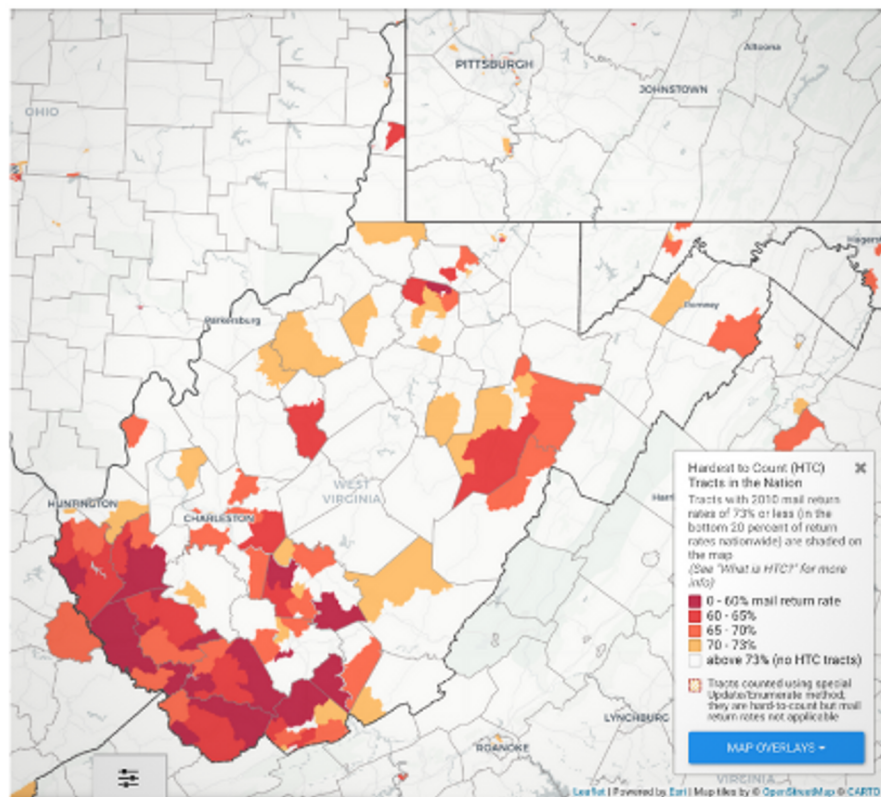

- 10 questions
- Internet or paper form

The Census is SAFE!

- Information can't be shared with any person or agency.
- Includes law enforcement, housing authorities, immigration and customs officials, etc.
- Census employees take a life-time confidentiality oath.

The Census is IMPORTANT!

- Determines number of Congressional Districts and Representatives.
- Determines the allocation of \$675 billion in federal funding.

GET COUNTED!

STAND WITH YOUR NEIGHBORS!

The 2020 Census offers us a unique opportunity to (1) assess the needs of our communities, (2) work with our neighbors to secure the federal funding and representation that we deserve, and (3) continue working to build a future that works for all of us.

We lose about \$2,755 for every West Virginian who doesn't get counted on the Census. This funding impacts everything from infrastructure to education and health care to SNAP and other safety net programs. We are also at risk of losing our 3rd Congressional District, but making sure that our communities get counted can ensure we maintain our federal representation.

What you can do:

- Get counted!
- Spread the word that the Census is EASY, SAFE, and IMPORTANT!
- Join a complete count committee in your county.
