

# WONDERING HOW YOU CAN SUPPORT YOUR COMMUNITY?

# FILLING OUT THE CENSUS IS AN EASY WAY.

## HI! WE'RE SO GLAD YOU ARE INTERESTED IN TAKING THE CENSUS! WE PUT TOGETHER SOME INFO TO HELP YOU GET STARTED.

### What type of info do I need to fill out the Census?

The Census will ask you for your address, the number of people that live with you, whether you rent/own/occupy the residence, and your phone number. For every person in the house, the Census will ask you their name, sex, age/DOB, race and ethnicity, and their relationship to you.

### What if the name or gender on my license isn't the name or gender I identify with?

That's okay! The Census encourages self-identification and won't check your name or gender against any other documents.

### Will immigration/the police/my landlord find out what I filled in?

For 70 years, only employees of the Census Bureau have access to your data, and every employee takes an oath to protect your personal data. But we've also got your back – a network of lawyers, advocates, and activists has come together to provide Census protection services to everyone in the U.S.

### I have more questions! Who can help?

You've got options! Feel free to email us at [QTC@thetaskforce.org](mailto:QTC@thetaskforce.org) or call a Census hotline that can give you info on the spot:
