

The image displays two logos side-by-side. On the left is the 'COUNT ALL kids CENSUS 2020' logo, which features a graphic of four stylized hands in orange, yellow, green, and blue, each with a different number of fingers raised. To the right of the hands, the text 'COUNT ALL' is in a small, dark blue, sans-serif font, 'kids' is in a large, light blue, lowercase sans-serif font, and 'CENSUS 2020' is in a small, dark blue, sans-serif font at the bottom. On the right is the 'United States Census 2020' logo, with 'United States' in a small, dark blue, sans-serif font, 'Census' in a large, bold, dark blue, sans-serif font, and '2020' in a large, bold, dark blue, sans-serif font below it. A vertical blue line separates the two logos.

Count all kids and babies!

Children should be included on your 2020 Census form—and not just children related to you, but any kids living at your address most of the time. When babies and children are included, the programs that support them get the funding they need.

Count your children, grandchildren, nieces, nephews, foster kids, and the children of any friends or relatives staying with you, even if it's only temporary. Babies count, too! Even if they're still in the hospital, as long as they were born by April 1, 2020, make sure the person completing the Census for your address includes them on the form.
