

A large collage of various families and children of different ages and ethnicities. The images show people smiling, hugging, and interacting in various settings like indoors, outdoors, and in a car. The collage is framed by a thick orange border.

**Big or small, the
Census is for us all.**

Count all kids and babies!

Children should be included on your 2020 Census form—and not just children related to you, but any kids living at your address most of the time. When babies and children are included, the programs that support them get the funding they need.

Count your children, grandchildren, nieces, nephews, foster kids, and the children of any friends or relatives staying with you, even if it's only temporary. Babies count, too! Even if they're still in the hospital, as long as they were born by April 1, 2020, make sure the person completing the Census for your address includes them on the form.
